On September 22nd, P.T.S.A., otherwise known as the Parent, Teacher, Student Association, sponsored a "Back to School Night" which gave parents a chance to meet their children's teachers. It also gave the parents a better understanding of what the teacher expected from his students in the forthcoming year.

A New Beginning

Trumbull High School can, in some respects be compared to a "melting pot". Although many of us may have gone to different Elementary and Junior High Schools, we all met at THS, whether it be the first time or not.

For the past three years, we, the graduating class of 1976, have created memories that will last long after we walk through the doors of THS for the last time. These memories will be treasured always as we go on to find our vocation in life--our new beginning.

This year's A. F. S. student is Einar Magne Eriksen from Hamar, Norway. 142 Roosevelt Drive has become the home "Erik" has come to know here in America, and Mr. and Mrs. Edwin Vath and their children have become his family here.

In addition to attending school, Erik has also become involved in the Boy's Swim Team.

When Erik returns to Hamar, Norway, we hope he'll have many happy memories of his stay in the U. S. A. and of T. H. S.

A Bicentennial Commencement

A high school graduation ceremony is sometimes called a commencement. This title is appropriate since graduation, while it does mark an ending, even more significantly, is a beginning.

As you graduate, we hope that you will glance back for just a moment at Trumbull High School. You have brought much of yourself to your school, and it is your school. Your fellow students and your teachers have contributed much to you. Here you must have felt a certain sense of security. Now, however, you are moving on; you are a person on your own.

For the Class of 1976 commencement is particularly significant, since you are starting out in life the same year that the United States ventures into its third century.

Rapid change, a characteristic of the past two hundred years for our nation, is going to become even more radical in the next hundred years and in your lives. However, some things do not change, and those are life's true values. It is important for you to understand these values and to grasp them.

If we could wish one thing for every member of this class, we would wish for each of you a delight in life. Real joy in life lies in doing things that show wholesome results. Such joy will come to you if you make an honest try at finding a purpose in life worthy of you, fitting your intellect and skill.

May you find such joy and may you live abundantly.

Prophesy Of The Class Of 1976

The year is 1986, and the scholars of '76, as Mr. Coburn calls us, are returning to Trumbull High School, for a day, for their 10 year class reunion.

Entering the parking lot of the hold homestead at 72 Strobel Road, our cars are inspected by one of the three security guards, and we are then informed of where to park. Leaving our cars, we enter the school to the familiar sound of--"The time is 7:39, would all members of the class of '76 please start moving to your senior homerooms." Rushing to our homerooms, we all arrive one second late, due to the congestion in the halls, and are assigned to a CONTROLLED STUDY HALL. Finally settling down in homeroom, to hopefully catch five more minutes of sleep, we are startled by the sound of "GOOD MORNING!".--Yes, it's Ken Hellebust with the morning announcements. Slowly we recover from the shock of the announcements, and our heart beats stabilize as Dr. Yetman gets on the loud speaker to welcome our class back.

The 7:50 bell then rings and we're off from homeroom to return to our "senior" classes. But, first, we are informed that a special assembly is taking place first period in the auditorium. After entering the auditorium, our class President, Cathy Borgman, welcomes us back. Her speech is then followed by a welcoming "song" performed by Ellen Rosenthal. Cathy "Scoop" Romanovsky then takes over the "mike" and informs us of the latest gossip among our class members. She tells us that: Tim Gaudreau is now a Mother Superior at a well-known private school; Marigail Peters has become a regular on the Carol Burnett Show in the popular "Eunice" skit; Dave Brewster is now a professional "WEO-ER", traveling to schools to cheer on their teams; and Tony Horton and Howie Goldstein are now famous actors and can be seen on many popular T.V. shows. After "Scoop" fills us in on all the latest news, our class advisor, Mr. Domenick Pinto, informs us that there will be a PARTY for us, following our day at school, which is being organized by Chairman, Dave Turner.

After the assembly we pass to our second period class. Passing by the Nurse's Office, we hear, "Oh heck, gained another pound!" Looking in, we see Mr. George Romano stepping on the scale in his unsuccessful attempt to lose weight. Out in the hall, Mr. Alan Capasso is dribbling a basketball up and down the hall, while on hall duty, saying, "Basketball's the only way to lose weight."

Finally we arrive at the Gym for our second period class--Phys. Ed. From inside, we hear Coach Gerald McDougall yelling, "All right you bunch of smorgasbords, HUSTLE!" Rushing into the gym, we find Miss. Lucinda Christino cheering for our class' former athletic "stars". However, she is interrupted by Lana Pacelli who is lecturing on the idea of "co-ed football".

Second period then ends, and we all move on to History. The class divides, half going to Mr. Albert Huntley's room and half going to Miss. Rita Altieri's room. Mr. Huntley is reviewing with his class the facts of "Huntley's law",--explaining that school made us what we are today. Meanwhile, Miss. Altieri is taking attendance and seating her class in alphabetical order. However, she seems to be interrupted by a "flash".--Yes, it's Dick Wallet, that famous Yearbook photographer, stopping by to say, "Hello!"

History is then over, and we all move on to Math, where we are still trying to find out if $P(x)=x(x-1)(x+2)$, is bounded, bounded above, bounded below, or neither. Totally confused, we decide to let it slip by, and we leave Math. Except for a few of us, we move to the Commons for a free period. Meanwhile, we see Gail Haba and Katie Hampford heading in the opposite direction to go "kiss" their favorite teachers "Hello". Also passing us in the hall, with her arms full of books, is Leslie Vingan, heading for her A.P. #10 History Class.

Meanwhile, in the Commons, a food-fight has started. Trying to break up the disturbance, Mr. Charles Monaghan steps in.--WOOPS!--It seems he stepped in the way of a flying carrot. Well, at least the fight seems to have ended, but, so has fifth period.

We then pass to sixth period by way of A House. Wait, there seems to be a commotion by the office. "Driver's Ed. forms can be picked up any time today."--Guess Mr. Julius DeNitto is still in charge of Driver's Ed. Moving on, we make our way to B House for English. But there seems to be one problem--which mini-course should we go to?--Chaplin, Humor, Satire, Baseball, Literature, etc... Finally, we decide to split up, go to the course of our choice, and meet again after class.

After English, we meet as planned, and move on to C House for Spanish with Señor Frank Cotrona. Wait, it seems they must have a Yearbook deadline today. Lay-outs are all over C-2, and Señor Cotrona is asking us if we could number some Yearbook pages for him. Could they possibly be running late for a deadline???

Then, finally, eighth period arrives, and it's time for a free period in the Resource Center. Making our way to the Resource Center, we pass Mr. Romano who is just coming back from the Nurse's Office.--It seems it took him a while to get over the shock of gaining another pound.--But, Mr. Romano, "We're proud of you, at least you're trying!".

Finally, we arrive in the Resource Center--and there's Mr. Frank Ditter. Remembering the Class of '76's eighth period crowd, Mr. Ditter enters prepared. Wait, it seems he has something to say.--"I would like to present Claude Petrucelli with this placque which reads, "To the scholar who was kicked out of the Resource Center most often during eighth period in 1976!" However, eighth period in the Resource Center is still as lively as ever. (Guess they didn't realize that we're all skipping our Controlled Study, either!)

The bell then rings, and school is dismissed. We must once again enter into our present lives of 1986, and leave our Senior Year of '76 behind us once more for another ten years. But, one thing that we must all agree on, is that the Class of '76 is the BEST class to have ever passed through Trumbull High School, and it will always be remembered as that!!!

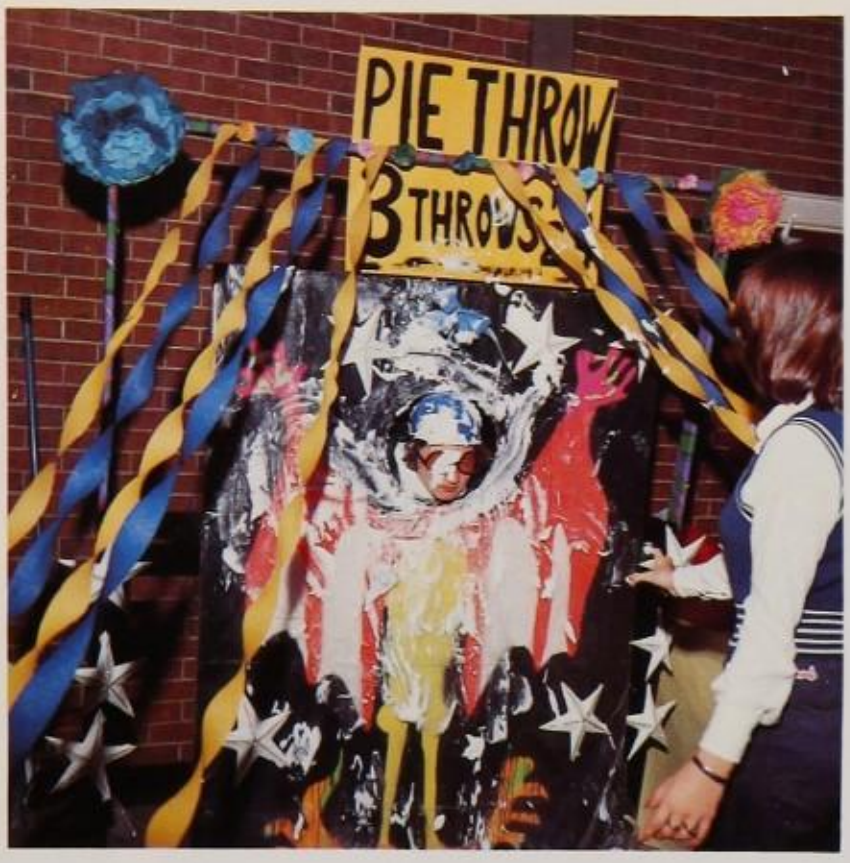
The Hops



On October 19, 1975, the Senior Class of '76 sponsored the annual Kiddie Carnival in the THS Commons. Bernadette Bucci was the Chairman of this event in which games, contests and clowns were present to entertain children of all ages.

On November 26, 1975, the annual Thanksgiving Pep Assembly was held. All present were enthused by the spirit demonstrated in the football team's skit, along with the rousing cheers lead by the cheerleaders.

Although the game was postponed till Saturday, November 29, the spirit did not die. The Eagles were cheered on to a 50-23 victory over St. Joseph.

The main features of this game included a halftime show performed by the Golden Eagle Marching Band and the annual float competition between the classes at THS.

THE GRIDIRON REVIEW

When Trumbull took the field for the opening game,
We came away victorious against Notre Dame.
With a win against Westhill in the FCIAC,
People were saying the Eagles are back.
Just got by New Canaan, against Warde we played great,
As we were voted the number one team in the state.
Against a tough Wilton team and in the rain,
Despite some injuries, played our very best game.
The high point this year came in the Norwalk bout,
When the defense scored its third shut out.
To be the champs; a win versus Staples was what we needed,
But Staples won the battle of the undefeated.
A loss to Darien was what we couldn't afford,
But once again we didn't put points on the board.
The offense regrouped and went right along,
To win our last three, and finish up strong.
Both the offense and defense were near tops in the state,
A 9-2 record is Trumbull's best to date.

Soccer gained varsity status this year with a provision that the team be self funded. Through raffles, swim-a-thons, and other fund raising efforts, a few dedicated players and their parents raised the necessary funds.

Being the first year for soccer at Trumbull High, this year was largely experimental. Coach Lou Prosek led the team to an incredible start, but due to the many injuries of key players, the team finished the season below the .500 mark.

There were approximately 40 players this year and only 9 players will be lost to graduation.

With a year of experience, the team should be vastly improved next year.

After losing eight key people to graduation, the team was comprised of many young and eager girls.

In spite of this, the group, under the leadership of Miss Shipp and Co-Captains Karen Michels and Diane Taylor, was able to produce a 3-8-1 record.

High hopes are expected for next year's eaglettes.

This year, Trumbull High's Wrestling Team finished the season with a 13-3 record, one of the finest in the FCIAC. Putting in some of the top performances were co-captains Bret Watson and Fred Nacovitch. Bret remained undefeated in his weight class and ended the season by earning 51 team points. Nacovitch ended an umblemished season (16-0) earned a spectacular total of 81 team points. Seniors Brian Crawford, Steve Albert, Bob Therriault and Mike O'Keefe turned in tremendous performances in such close matches as Danbury, McMahon, and Rippowam, and the heartbreaking loss to Staples. Special recognition goes to Junior Bob Anderson, who completed the season with only one loss.

The boys basketball team of this year rebounded from last year's disappointing season, posting an 11-8 record qualifying them for the state tournament. The team was lead by Captain Dave Russo and high scoring Guard Paul Nicholas.

The team was on its way to an outstanding season only to drop 5 of 6 outings toward the end of the schedule. With the loss of only 5 seniors and the arrival of the fine J. V. team, next year's outlook is most promising.

On Jan. 15, 1976, the Trumbull High School A. V. Club dedicated the A. V. Studio to Mr. Larry Wood. Mr. Wood, who passed away on May 29, 1975, will long be remembered by the students and faculty at THS.

Larry will not only be remembered for the technical knowledge he passed on to "his boys" in the A. V. Club, but also for the gift of friendship he passed on to so many. The Wizard will always be a part of Trumbull High.

Work Experience

Work Experience is a school centered program in cooperation with employers of the community. This program is open to students who are at least 16 years of age and have the approval of the Work Experience Coordinator in order to enroll.

The Work Experience Program is based on the premise that on-the-job training in an occupation for which a student has aptitude is a worthy completion to the classroom learning. The curriculum includes both job oriented instruction and academic courses.

Three Trumbull High School seniors are gaining first-hand experience this year in the operation of our federal government as volunteers in the Bridgeport office of Sen. Lowell P. Weicker, Jr. George Romano has coordinated this program for the past three years. The students taking part this year are Leslie Fairbaugh, Kent Hellebust, and Lynn Springer.

The program enables students to work in the office of a senator and observe the day-to-day operation of the federal government.

This year's Career Education Program is coordinated by Mr. Fred Dirga and Mr. George Romano. Mr. Dirga and Mr. Romano also work closely with the Nurses' Aide Program held at Saint Joseph's Manor.

Demonstrating on a dummy before the real thing.

Nurses' Aides

The Nurses' Aide program is offered to seniors who are interested in becoming a nurses' aide or in exploring the possibility of entering the nursing profession or a phase of the allied health field. This program consists of both classroom and on-the-floor training, which are both held at St. Joseph's Manor in Trumbull. Individual schedules are made out to accomodate both phases of the program for students involved.

Upon successful completion of the Nurses' Aide program, each student is given a certificate from St. Joseph's Manor.

Driver's Education

The Driver Education Program at Trumbull High School is offered to all resident students, eligible by age, on an after school basis. A tuition is assessed each student who registers since the program is self-sustaining.

The course consists of thirty-clock hours of classroom instruction and a minimum of six-clock hours of behind the wheel instruction. The program is staffed by eight instuctors under the directorship of Mr. J. DeNitto.

The Driver Education course is designed to provide each student with those skills necessary to make him a proficient driver and to develop within each student a frame of mind that will enable him to become a safe-defensive driver in our ever increasing traffic scene.

Distributive Education identifies a program of instruction which teaches marketing, merchandising and management.

The Distributive Education Clubs of America identify the program of student activity relating to D. E. and is designed to develop future leaders for marketing and distribution. Our DECA Club is very active in both civic and community affairs. We have sponsored a Christmas Party in the Muscular Dystrophy Telethon.

In addition, our DECA chapter actively competes in Area, State and National Conferences. In the past we have won on the average of ten to fifteen awards annually. We are an enthusiastic, close-knit group striving for specific career goals in the area of marketing and distribution.

DECA CLUB

DECA Fashion Show

On December 4, 1975, the D. E. Club, along with the Jean Shack of Trumbull Shopping Park, sponsored a fashion show. The clothes ranged from casual to leisure wear. Also, coats and leathers were modeled. All clothes were modeled by members of the D. E. Club. The lights and the staging were done by A. V. and the flowers were donated by Vo-Ag. The designs and the construction of the runways were done by the members of the D. E. Club.

Vitramon®

The Vitramon Foundation, Incorporated Senior Science & E. F. Moore Awards

Since 1962, The Vitramon Foundation, Incorporated Senior Science Award has been presented each year to the senior who has demonstrated exceptional capabilities in the field of science and who shows promise of achieving future distinction.

Established by Barton L. Weller, president of Vitramon, Incorporated, the award consists of a library of outstanding books, a permanent plaque, and a scroll.

In 1973, The Foundation also established the Eleanor F. Moore Award to honor the outstanding junior-year student in business studies. This award consists of 100 shares of common stock of Vitramon, Incorporated, a plaque and a scroll.

The Vitramon Foundation, Incorporated is dedicated to the development of scientific and business aptitudes at the student level and to creating an enthusiasm for continued work in these vital fields. These awards are offered, therefore, as an incentive for and in recognition of achievement.
